## **President's Report**

**January 13, 2014**

- 1. Street Surfacing**– Keith Mulholland will be our new contact with Tyson Engineering. Keith and I discussed this Street Resurfacing project a couple of weeks ago. We will schedule a date in February to look at all the streets. Keith said this would give us plenty of time to identify which streets we want to tar and chip and to solicit bids for this project.
- 2. Tree Lighting Event** – The Christmas tree Lighting event was again, very well attended. Everything went off without a hitch. I would like to thank the St Anne Fire Dept. for all their help. Santa Claus for his appearance in this busy time of year. Karie & Jim Wetvoet and Larry Dumontelle for the donating of trailers, and I would like to thank the Brett and Lisa Stalnecker Family for donating a tree again this year. I also want to thank everyone who helped to decorate the downtown area. It's always amazing to me what our residents will volunteer to do. The Downtown area looked great! Thank You Very Much
- 3. Christmas Day Dinners** – This years Christmas Day Dinners was well attended this year. We served more guests this year than we had at any time in the past. I would like to thank the good folks at North Lake Villa for hosting the dinner again this year. I would also like to thank Linda DUBY and her family for being the site coordinator. I would also like to thank everyone who helped serve the food and all the stores and businesses that donated to this event. This is an amazing experience and one the Carol and I very much enjoy.
