

Village of St Anne

President's Report

June 8, 2009

1. Our new website, www.villageofstanne.com is up and running. The cost for 4 years came in around \$160.00.
 - a. We'll need to start posting our Agenda's and Minute's on the website now.
 - b. Each of you can have an email address that will be tied into this account. We need to see who all wants an email address on the site.
 - c. Check it out and let me know if you have any suggestions.

2. I have gotten the goals from everyone except Randy. I've started to compile the list of goals and achievements. There were a lot of good ideas. The list will be completed by next week. I'll give each of you a copy of the list. The next step will be for us to prioritize the items.

3. Logo contest for the Village –
 - a. Now that the Website is up and working, I'll try and work on the rules for this over the next month.

4. Delinquent Water bills
 - a. I had Linda prepare an up to date list of everyone in the Village that is delinquent on their water bill.
 - b. The list contains anyone who owes us over \$200.00.
 - c. This list has a total of over \$36,000.
 - d. Linda has been instructed to send letters to everyone on the list to either pay their bill or make a payment arrangement with her.
 - e. Either way these bills need to be paid in full buy the end of the year.
 - f. If people fail to follow these steps then we'll begin turning off water on these homes.
 - g. Our goal should be to have this list at a minimum at all times.

5. I've spoken with Kathy from Lisa Dugan's office. The State has still not sold the bonds that we were told they were going to sell. Kathy said that they might be sold before the end of the States Fiscal year, but there is no guarantee that this will happen. This is putting us in a very precarious situation, since we can't afford to keep making interest payments. I've asked for Lisa Dugan to call me on this issue. I'll let you know what I hear.
