President's Report

May 11, 2015

- 1. New Village Hall/Community Center** –Todd Sirois and I attended a meeting with Mike VanMill and his assistant Lisa Wogan to discuss our funding options for this project. At some point soon, we'll have to commit to getting a better idea of the price of this project. We'll need that number in order to apply for grant money. We have a follow up meeting this week to see what our next step will be.
- 2. Building at 167 W Station Street** – I have submitted the paperwork to secure this building. The County Board will have to agree to release the building to us. As soon as I hear anything I'll let you know. In addition, two potential buyers for this building have approached me. Hopefully, we won't have to hang onto this building for very long once we take possession.
- 3. Village Website-** The Village website is back up and running. I had to switch server hosts in order for the updated programs to run our website. My friend who takes care of our website switched from an outdated program to a newer program. We are in the process of gather missing information to get the website up to date.
- 4. Grocery Store Update** – Ken and I met with Larry Zullo last week to discuss his progress on reopening the Grocery Store. Larry stated that he is still working on gather all the cost information to reopen the store. At this time he doesn't have a solid plan in place. Ken and I reiterated that he has the full support of the Board and that we will do what we can to help him reopen. Larry is going to get back to me as soon as he can to let us know what his plan will be to reopen.
- 5. 2015 Committees** – Attached will be the 2015-16. Lucas will be replacing Darren as the Chairperson on the Parks and Building Committee. Please let me know if you have any questions.
