

Village of St Anne

President's Report

October 11, 2010

1. Village of St. Anne Economic Committee – This committee is holding a Village wide meeting on Tuesday October 26th. The meeting will be at the High School at 6:00 pm. As I have indicated in the past, I would hope that all of you would be able to attend this meeting. The meeting is intended to discuss economic strategies for our Downtown Area.
2. School Board Meetings - I have attended the board meeting of both Dist. #256, and Dist. #302 in the past month. I wanted to personally promote the upcoming Economic Committee meeting. I have asked for their support and attendance at this meeting. It is my belief that it will be mutually beneficial if they are able to take part in this process. The growth of the Village will transmit into the growth of their schools. I also wanted to thank the High School for allow the use of their Campus of the Health Fair, 5K run and Parade staging. I heard many positive comments about their facilities and I felt the board should hear them.
3. City Park Improvements – Again, there will be a meeting for this group seeking new members. The meeting scheduled for Sunday, Oct 17th. My wife and I plan to attend the meeting. I'll keep you posted.
4. Cellular One Tower - As Ken has indicated in his notes, Cellular One is planning to build a 250' cell tower just to the west of the Record Press on land that may or may not be in the village limits. This land is commonly referred to as Angel's Truck Stop. Currently, the Village is not taxing this land. After some meetings with the County Planning Dept. and investigation by Ken and me, we have found three separate Ordinances that deal with either part of this land or all of this land in questions. I have asked Kelly to look at three separate past Ordinance that have dealt with this land to see if it was ever properly Annexed into the Village. In the mean time I will be meeting with the property owner and the Cellular one Rep. this week. I will let you keep you posted.
