President's Report

March 11, 2013

- 1. Handicap Sidewalk Repairs** – Jr. Cote provided me with a quote of \$400.00 for the materials to fix the side at his Father-in-laws. I'll have a written quote from him for approval at the next board meeting.
- 2. Electric Aggregation** – This project is moving forward. Our residence should be receiving a letter in the mail soon describing the project and what they need to do. Hopefully, this referendum will pass in the Election on April 9th.
- 3. Riverside's new facilities** – I was invited to see the new living quarters for the Riverside EMT's. These new quarters are located at the South end of the Fire station. The new living quarters are quite nice and the project was fully paid by Riverside Hospital. If anyone would like to see the new facilities, they can contact the Fire station or let me know.
