## **President's Report**

May 14, 2012

- 1. New Trash Receptacles for Station Street** – I have spoken with the Beautification Committee and they will be getting with Gary and Don to pick out the receptacles that they would like us to purchase.
- 2. Beautification Committee** – This group has purchased the bricks and soil that is needed for the two planters. The holes have been cut in the sidewalks and the planters will be going in shortly. They have also replaced the tree next to Village Hall that didn't make it through the winter.
- 3. New well** – We have obtained our permit from the EPA on the well house. However, the Village will not be taking ownership of the new well until all items on Neil's punch list have been completed and until all items in the pump house are operational. Only after we are positive everything is completed and Terry Sirois and Maintenance Dept. have agreed that everything is operational, will we accept the new well and well house.
- 4. Park FunRaisers** – The Ladies from the Park FundRaisers group would like to hold another 4th of July fundraiser. This year's event is being planned for Saturday, July 7<sup>th</sup>. They are asking that the Village pay for the Fireworks display again this year. Bill Jennings has contacted the Mad Bombers and this year's price is \$3000.00. Last year we paid \$2500.00 and the ladies groups raised over \$6500.00 for the park. This is a return on investment of 130%. I would anticipate that this year's ROI would be at least 100%. It is my hope that we will grant this request.
