President's Report

April 8, 2013

- 1. Handicap Sidewalk Repairs** – Jr. Cote provided me with a quote of \$400.00 for the materials to fix the side at his Father-in-laws.
- 2. Electric Aggregation** – This project is moving forward. Our residences have received a letter in the mail describing the project and what they need to do. Hopefully, this referendum will pass in the Election on April 9th.
- 3. Rust Removal Survey** – Ken has been working very hard on getting the required number of responses for this grant. We still have a ways to go to reach the required number of completed forms. We all need to be sure that we are spreading the word to the community that if they haven't filled out their form to do it quickly. If we don't reach our goal then we won't be able to apply for the grant. If we can't get the grant then we can't get the rust out of the water. Hopefully, people will understand that we need these forms turned in.
- 4. Youth Group Plans for the Park** – I met with Todd Sirois for a few minutes last week down at the Village Park. We talked about some general plans he and the Youth Group have for the park. I asked Todd to meet with his group and let them know that we will have a meeting with them in a month or so to discuss their plans and start to develop a plan. I asked him to have his board write down ideas and improvements that they would like to see developed at the park and be ready to discuss them at our meeting. I will try and set a date for the Park Committee to meet with the Youth Group before our next meeting.
