President's Report

May 13, 2013

- 1. Electric Aggregation** – We have locked in an Electrical Rate of 5.822 for the Village residents and small businesses. This rate will be for 19 months and the Company that we have chosen is Verde. We chose a 19-month rate in order to cycle in with the rest of Kankakee County when they go out to bid next time. Being lumped in with the rest of the county should help us obtain a better rate. This new rate should save the average resident an average of \$25.00 per month on their electric bill.
- 2. Rust Removal Survey** – Ken has gotten the required number of returned survey's that was needed for the submission for the Rust Removal Grant. This information is exactly what we needed in order to qualify for the grant. In addition, this survey information will be good for the next five years. It should be helpful if we go after grants in the future.
- 3. Beautification Committee** - The committee will be having it's first meeting the year. The meeting time is scheduled for Thursday May 16 at 6:00 pm. The meeting will be held at the Village Hall. They will be meeting to discuss projects for this year. Anyone is welcomed to attend.
