President's Report

September 10, 2012

- 1. New well** – As we discussed at last months meeting, the new well is up and running. This news has been a long time coming. Neil has also informed me that the old well has been capped. Since we have switched over to the new well, I have had a couple of comments about the water having a different smell. I'm thinking this different smell might just be from the lack of iron (rust) in the water. We'll just continue to monitor this issue and see if it goes away.
- 2. Beautification Committee** – The new trash cans have been installed and they look great! Duane Meier has done an outstanding job creating the grates for the cans. In discussing the new trashcans with Duane, we thought we should install a couple more in the downtown area. Duane said he could get a couple more of the grates done before the Pumpkin Fest, if the Village purchases the new cans. Therefore, I would request that we purchase two more of the black Rubbermaid trashcans.
- 3. Blacktopping Parking Lot** - Terry Sifrit approached me about doing something for the Village. Terry has seen how we have been fixing up the Downtown area and he wanted to make a contribution to the Village. Terry is the owner of a Blacktop Sealing Co. and he asked about resealing the parking lot on the SW corner of Station St. and Chicago Ave. He said they would do the job at his cost. Our price would only be \$600.00. The normal price for a job this big would be over \$1700.00. I have a business proposal from Mr. Sifrit and I would ask the board to consider this generous offer. Terry told me that if we approve his offer, that he would have this job done before the Pumpkin Fest.
- 4. Fratco Neighbors Complaint.** - I have a meeting scheduled this week with Bill Champion from the Frato Co. After I meet with Mr. Champion, I will let you know what we discussed.
