President's Report

June 11, 2012

- 1. Beautification Committee** – The two new planters have been constructed. Gary and Don have filled them with planting soil. The committee will be planting the flowers and plants this week. In addition, the final tree grates have been formed and painted. They will be installed within the month. Again, I would like to thank everyone who has helped with these projects. It's great to see people working for the betterment of the Village and the downtown area.
- 2. New well** – We are still in a holding pattern on the new well. I spoke with Neil today and he's waiting on Simon to get us the final paperwork to fix the remaining repairs at the pump house. Again, we will not take ownership of the new well and pump house until all our concerns are addressed. I have started to email Simon to try and get him to finish this project. Hopefully, if I can pester him enough, he will get us what we need to finish this project.
- 3. Park Fun-Raisers** – The Park Fun-Raisers group is moving along with their July 7th event. I attended their last meeting and it sounds like they have everything well in hand. I have signed the contract with the Mad Bombers for the fireworks. The only thing we really need is good weather on the 7th.
- 4. Village Park** – One issue that has still not been completed is the re-wiring of electricity at the Village Park that our vendors use during Pumpkin Fest. I have asked Ken to get a quote from Dennis Bonvallet to do these necessary repairs. My plan is to have this quote in time for the next meeting so we can address this issue.
