

Village of St Anne

President's Report

September 12, 2011

1. **Park Committee** – I have a quote from Menards for materials to fix the pavilion fascia. The quote for materials is approximately \$450.00. My son Lucas and Trustee Dustin Duncan and a couple of more guys will volunteer the labor to get this job done.
2. **Park Fun Raisers** – These ladies will be having a meeting tomorrow night to discuss the bids that they have received for the rubber mulch. I will attend this meeting and let you know what they have come up with.
3. **Building and Zoning Committee** – I still need to get with Mayor Epstein from the City of Kankakee to discuss ways to work with them on some funding and sharing of manpower. I'll call her this week to schedule a meeting and let you know what happens.
4. **Village Water Infrastructure** – I still need to set up a meeting with the Finance Committee to discuss ways to finance future infrastructure projects. Neil Piggush has been working on this project for me and we have a couple of ideas that might work as to the funding. I'll have Ken post an agenda for our next schedule Finance Committee Meeting date.
5. **Beautification Project** – The group continues to install the grates and tree guards as they become available. The tree in front of the Grocery Store didn't make it through the hot summer. So that tree has been replaced. They may need to replace the tree in front of the Village Hall. That tree is looking like it also might have died. In addition, I would like to thank Denise Bonvallet for the painting of our Street Lights. It's amazing what a little black paint will do. The posts look great!
6. **Rep Lisa Dugan** – Rep Dugan and Senator Hutchinson are hosting a Town Hall Meeting on Wednesday evening. I will be attending that meeting and if any of the Trustees would like to attend just let me know. I will report back to all of you what the meeting covered.
