President's Report

September 8, 2014

1. **Beautification Committee** – The Committee has started these projects. They have completed (a) and (b). Plus, they have painted the last light post in the down town area.
 - a. **The replacing of the white fence by the Recycling**
 - b. **Painting of the curbs and parking lines**
 - c. **Finishing the enclosing of the new tree across the street from the Grocery Store**
 - d. **Painting the maintenance door**

2. **Movie Site** – The movie company has come and gone. They were very professional and great to work with. They were very accommodating and really worked hard not to be a nuance to the village or the residence. Actually, I haven't heard of any negatives comments. Most people that I spoke with were excited to see the process and the filming come to town. The company has paid us for rental portion of the Village buildings and we are to supply them with timesheets for the payment of our maintenance and police in order to get paid for their time.
