## **President's Report**

**July 8, 2013**

- 1. Oak Street Project** – Terry and I met with Bill Champion from Fratco a couple weeks ago. We had a very good meeting with Bill and he indicated that Fratco was will and able to help us with this project. Bill stated that Fratco wanted to work with the Village to see this project happen. He thought they would be able to help us with some of the materials and a certain monetary contribution. We're waiting to get confirmation from Bill on the exact dollar amount.
- 2. Water Issue** – I have had a couple of complaints about rust in the water from residents over on Beaver Street and Chicago Ave. I told all of them that I would follow up with Water and Sewer Dept and they would address the issues.
- 3. Fireworks** – I would like to thank Ralph Mercer and Mercer Irrigation for the donation they made toward the Fireworks that the Village had on July 5<sup>th</sup>. The Fireworks were outstanding as always, and this years crowd might have been one of the largest that we have had in years. Again thanks to Ralph Mercier, his family and his business for the donation.
- 4. Play Ground Equipment** - The Playground group has started the insulation of the new playground equipment. The ground has been cleared and the holes have been drilled. Our next step is to pour the concrete and secure the new equipment. Hopefully this stage will happen this weekend. After the new equipment is installed, we will then bring in the rock and the mulch to finish the project. Hopefully this project will be completed within the next couple of weeks.
- 5. August Meeting** – I will be out of town for the next meeting. Terry Sirois will run the meeting in my absence.
