President's Report

December 10, 2012

- 1. Handicap Sidewalk Repairs** –House located at 355 Second Street. I'm still waiting on Jr. Cote to give us a quote for the materials for this project. I'll contact him again and see if I can have that before the next meeting.
- 2. Electric Aggregation** – I have spoke with Sharon Durling from NIMEC. They are excited to work with us on this project. I have an agreement that we need to approve in order to move forward with their company. I have also provided the Timeline that they have given us for this project.
- 3. Christmas Day Dinners** – We had a very nice turn out for the Christmas Day Dinners. This year we served 78 or our residence and volunteers. I would like to thank all the local businesses that donated to this event. I would also like to thank all the volunteers, Linda Duby and the North Lake Villa, for hosting the Diner this year. Linda, her staff and her family did an outstanding job as always.
- 4. Waste Removal Contract** – We will need to setup a meeting this month to discuss our next contract for Waste Removal. The current contract will be expiring in April of this year. I would like for the Finance Committee to set up a meeting so we can look at the current contract, discuss what we want in the next contract and set a timeline for accepting bids for our next contract.
