Building Inspector: David Pomeranski, Electrical Inspector: Dennis Bonvallet

President's Report

January 12, 2022

- 1. Ralph Wilkening Property** –This property deal has been filed by Dana's office. We should have title to the land in a few weeks.
- 2. Laundry Mat Building** – Now that we own this building, we should consider a move to declare this property as Excess Property and look to list the building for sale. We could use the same approach as the other buildings that we have acquired and subsequently sold. We have about \$1200.00 in this building, so the minimum price would have to start around that price.
- 3. Grubbs Parking Lot** – Dana is filing the paperwork on this acquisition with the County Clerks office as well. We should have clear title to this property in a few weeks.
- 4. Police Dog** – I spoke with Mayor Stump from Aroma Park concerning their Police Dog. He indicated that if we want the dog, then they will have their attorney write up an Inter-Governmental Agreement and simply transfer the dog to us. If we take then dog, then Jim Rowe has asked that we continue to respond to requests from other municipalities in the County that need use of a dog. Aroma Park had agreed to this caveat when they received the dog a few years ago. If we want the dog, then we will have to approve the agreement at the February meeting.
