Building Inspector: David Pomeranski, Electrical Inspector & Asst Building Inspector: Dennis Bonvallet

President's Report

August 11, 2025

- 1. Streetscape Project** –Neil is working on this project and should have some feedback for us soon.
- 2. Phase 3 & 4 Water Project** –Phase 3 bids have come in and we will be awarding the bid to KVCC. Hopefully, work will start in the next couple of months. Phase 4 should be going to bid by the end of the year.
- 3. Annexation of FS property** – I had a couple of interesting meetings with Collin Graves of FS concerning their annexation of their new properties into the village. What I discovered was we had a farmer or two working against us and putting pressure on FS not to annex this property. However, Jerry Stam and I met with FS again last week and we worked out any concerns they might have with the RR Crossing on the E6000S road. In addition, they agreed to the letter of understanding that I put together for their project. This simply put down on paper issues that we had agreed to verbally, but had not actually written down. Attached is the Letter of Understanding.
- 4. E6000S road RR Crossing** – I wrote up a Resolution for this issue and shared it with the guys from FS and with the St Anne Twp board. This simply states our support with the ICC, the UP and IDOT asking that they keep this RR crossing open for use by our residents and farmers. Although this resolution is non-binding, we hope this puts this issue to bed for now.
