## President's Report

December 8, 2025

1. **Streetscape Project** –We have a meeting scheduled this Wednesday, December 10<sup>th</sup> at the Civic Center for this project. We have quite a few residents invited to this meeting.
2. **Phase 3 Water Project** –Phase 3 is going along nicely. Once KVCC gets to 2<sup>nd</sup> Ave, they will be pausing the project for the holidays and starting back up in January.
3. **FS Grain 8500 Rd** –We are still waiting on his lawyers to complete a formal agreement to reimburse us of this road project. I will keep you posted.
4. **Guertin Street Project** – The county, Neil and I attended a meeting last week on the resurfacing of Guertin Street. The plan is to start the project from Route #1, east to to just pass 8500 Road. The county is working on their plan to spend as much of the 3 million dollars in grant money as they can. They are planning to replace the curbs, gutters, and road. In addition, they will be installing ADA sidewalk ramps that connects with the street. I also, found out that the county plans to widen Guertin St. east to the state line.
5. **Tone Park** –Neil has filed our Grant request for this project. I believe the grants will be awarded early next year. I will keep you posted.
6. **New Subdivision** – Hopefully, there will be a meeting the week after Christmas concerning this new development. I'll keep you posted.
