President's Report

March 16, 2026

- 1. Streetscape Project** –We have a committee meeting tomorrow at the Civic Center at 10:30 am with the Teska group to go over the preliminary plans.
- 2. Phase 3 Water Project** –Phase 3 is going along nicely. We have had a couple of more hiccups with service lines, but all in all, we are moving right along.
- 3. Phase 4 Water Project** – We should be going to bid on this project in the next couple of months. We might be starting this project during the late summer.
- 4. FS Grain 8500 Rd** –We are still waiting on the status of this project. I spoke to Neil a couple of weeks ago and he was confident we would be having the designs by next Friday. He will be at the meeting tomorrow so I will talk to him then.
- 5. Tone Park** –Nothing much new on this project currently.
- 6. Tone Building Renovation** – The Carlile Group have provided us with a quote to do some preliminary work and drawings on this building. Attached is a copy of their proposal. I would like us to consider doing the initial stage of this project which will be around \$44,600. We can use our Sales Tax money on this project.
- 7. Grubbs Pond Camera's** – Don has a quote of \$2,320.00 to install 4 more cameras at the Ponds. These camera's will be mainly focus on the pond area and the statue out there. I would like us to consider purchasing these cameras to help protect us from any future damage out there.
